### November by the Numbers

We've been crunching the numbers and here's a breakdown of some of our Shelter statistics:

- We had 7 housing exits! A housing exit is a happy ending here at the Shelter. This means our team housed 1 person every 4.2 days in November!
- We had 4,704 bed nights. Bed nights is the total number of individuals who slept at the Shelter each night. We averaged 157 clients per night this past month.
- We served 9,408 meals. Our amazing kitchen staff and volunteers made sure that each client had breakfast and dinner during their stays at the Shelter.

### Housing Exits: Perry

Each time our clients exit homelessness into housing, our staff collects their exit story. We wanted to use this space to share one such story with you all: Perry's.

Perry experienced homelessness for 21 years before finally finding a home to call his own. After struggling with trauma, loss, and health issues for years while trying to survive on the streets, Perry can focus on his long-term goals, more specifically, his artistic and creative endeavors. Perry now has his own business and enjoys connecting with his family, from the comfort, safety, and stability of his apartment.
