

# Leading The Way Home

## "Homeless Solutions"

(In other words, solutions are not possible without U.)

And that's especially true this year. It's been a tough year for government funding, and we're deeply grateful that you have stepped up! **Our committed supporters gave a total of 15% more in 2024 than in 2023.** That's the most ever, and it has simply made the difference between life on the street and a stable home for many of Boulder's most vulnerable residents. **We're proud of what we've done, but we're in awe of the support you've provided.**

**So, thanks once more, and on to 2025.** In these turbulent times, we're eager to once again provide services that are both essential and dependable for people experiencing homelessness in Boulder County.

## Highlighted Results

(By the numbers: selected statistics from 2024.)

**413...**

**...the number of people we helped gain or maintain permanent housing.**

We use a wide variety of programs and services to help people escape

homelessness. □

**125...**

**...the average number of people participating in our shelter Day Services.**

New in 2024! We opened our doors for Day Services for the first time in our history. ✨

**107,318...**

**...the number of meals served by our kitchen staff and volunteers.**

We take both joy and pride in serving hot, nutritious meals to all who stay with us.

**12,378...**

**...the number of volunteer hours spent in service at Allroads.**

We couldn't do our work without our amazing volunteers! ♥

**169...**

**...the average number of people served INSIDE the shelter.**

This year, for the first time, we raised our bed capacity from 160 to 180. □

**244...**

**...the average number of people served OUTSIDE the shelter.**

We now serve more people in permanent housing – 259 – than in our shelter each night. □
